

Great News! **Inspire School of Arts and Sciences** participates in the Community Eligibility Provision (CEP), so every enrolled student receives breakfast and lunch at no cost every **school day**.

Inspire School of Arts and Sciences participates in the Community Eligibility Provision (CEP), which means all enrolled students receive one healthy breakfast and one healthy lunch each school day at no cost, regardless of household income. Families do not need to complete a Free & Reduced-Price Meal Application to receive school meals.

However, we encourage all families who may qualify based on household income to complete the [Universal Benefits Application \(UBA\)](#). While the UBA is not used to determine eligibility for school meals, it may help students and families qualify for other valuable benefits, including:

- SUN Bucks (Summer EBT), if eligible
- Additional state and federal funding that supports our school
- Local Control Funding Formula (LCFF) funding to enhance educational programs and student services
- Other educational and community benefits for which your household may qualify
